

EAGLE'S NEST
awakening potential, inspiring dreams

XL-Mentoring Project

An Alternative Provision project aimed at KS3 + 4 students.

"This was the best programme that I have been a part of and I am so glad that I had this opportunity. It really helps you build up confidence." (mentee after 14 months of mentoring)

This project continues to grow and we are seeking funding to ensure we can extend capacity. Students will be matched with a trained community volunteer who will meet with them for 1 hour a week throughout the year. This can be either during the school day as part of their timetable, or outside of the school day to ensure lessons are not interrupted.*

Mentors aim to work with students by becoming a trusted adult in their life, helping them to make positive choices that will improve their prospects.

Referrals will be taken at any time during the year and if we have a suitable match the support can begin.

**COST: £125 per student set-up cost
(invoiced when a suitable match is found)**

* some mentors may only be available out of school hours if they are employed full time.
